that even in the advanced stages of a cough, after all the most esteemed remedies of physicians have failed to effect any cure, the use of this medicine has been productive of the most astonishing relief, and actually effected cures after all hopes of recovery had been despaired of.

In the first stages of the disease, termed "Catarrh of the Lungs," originating from a neglected Cough, it has been used with undeviating success, and hundreds acknowledge they owe the preservation of their health to this invaluable medicine alone. WRIGHT'S INDIAN VEGETABLE PILLS

OF THE

NORTH AMERICAN COLLEGE OF HEALTH

If the channels of our mighty rivers become so obstructed as to afford an insufficient outlet for the superabundant waters, we can expect nothing less than that the surrounding country will be overwhelmed with the flood. In like manner with the human body—the skin, kidneys and bowels, (the natural outlets for useless and corrupt humors,) become so obstructed as to afford a full discharge of those impurities, which are in all cases the cause of sickness, we surely can expect no other results than that the whole frame will sooner or later be overwhelmed with disease. As in the first place, if we would prevent an inundation we must remove all obstructions in order that there may be no hindrance to the free discharge of the superabundant waters. So in the second place, if we would prevent and cure disease, we must open, and keep open, all the Natural Drains of the body.

WRIGHT'S INDIAN VEGETABLE PILLS

OF THE NORTH AMERICAN COLLEGE OF HEALTH, will be found one of the best if not the very

BEST MEDICINE IN THE WORLD

For carrying out this beautiful and simple theory; because they completely CLEANSE THE STOMACH AND BOWELS FROM ALL BILIOUS HUMORS and other impurities, and at the same time promote a healthy discharge from the Lungs, Skin, and Kidneys; consequently, as all the Natural Drains are opened, Disease of every name is literally driven from the body.

The following letters, which have been received from gentlemen of the highest respectability, will show conclusively that Wright's Indian Vegetable Pills are a most

VALUABLE MEDICINE,

and their name is rapidly extending to every part of the Union.

Extract of a letter from Lawrenceville, Monroe Co., Alabama.

LAWRENCEVILLE, Monroe Co. Alabama, } Dec. 10, 1842. }

DOCT. WM. WRIGHT—Dear Sir: Having become acquainted with your most excellent PILLS (viz. INDIAN VEGETABLE), by experience, I take the liberty to write you on the present occasion by way of suggesting the propriety of being constituted Agent for this State to dispose of them.

In 1841, I was prostrated with the congestive fever in East Florida, and often having been ill with the first attack and a severe relapse, I was necessitated to repair to New York for the recovery of my health, being much debilitated, I tried different Physicians and as many medicines, but all to no purpose; I found my liver much affected, and Dyspepsia setting in with its worst form. I began to think my case was hopeless and was about to resort to travelling, accordingly I left the city of Albany, New York, for Cincinnati, Ohio. On my way through New York State, I chanced to come across one of your Agents at Newark, on the Erie Canal, I read one of your advertisements, purchased a box of Pills, and to my utter astonishment, found myself partially recovered; on my arrival at Buffalo, I purchased some more of your Agent there; in Cleveland, Ohio, visited your Agent, the dry goods merchant, talked with him, and took several boxes. I soon found myself a well man, and concluded to return to my Profession viz. A Travelling Methodist Preacher.

Accordingly came on to St. Louis, and from thence to Helena, Arkansas, where I joined the Arkansas Conference, and was assigned to Lawrenceville Mission on St. Francis and White Rivers, near the mouths of the same.

Very respectfully,
Your obedient servant,
W. H. HOUCK.

TANNER'S Brook, N. J., Sept. 3d, 1841.

DOCT. WM. WRIGHT—Dear Sir: Your travelling Agent was here, a short time since, and left with me two dozen boxes of your INDIAN VEGETABLE PILLS, which I have already sold, although they had never been introduced in our neighborhood before.

At first prevailed upon a friend at mine, who had been afflicted with the Dyspepsia, and Rheumatism in the head, for the last two years, to make trial of them. He had previously tried various medicines, but never obtained any relief until he made use of your Indian Vegetable Pills. After using one box, he said he felt like a new man, and now, having used two more boxes, he considers himself a SOUND MAN.

Yours respectfully, &c.,
J. INGERSOLL.

June, 3, 1843. 1f

FRANKFORT, Ross Co. Ohio, Aug. 13, 1842.

Dear Sir—The Pills that I purchased of you last April, have sold far better than I anticipated. I think by the time I visit your city again, which will be in a few months, I will have sold out entirely. They have not only effected cures in diseases that seemed to baffie the best medical skill in the country, but numerous individuals here bless the day that the undersigned introduced Wright's Indian Vegetable Pills into the neighborhood. I can get, if you think it necessary, several valuable certificates of cures. One old Lady in particular, who has been afflicted several years with consumption, commenced taking the Pills a short time since, and is now nearly restored to health. Several cases of Dyspepsia have been entirely cured by them.
